CORE FINDINGS

What the evidence says

Small cohort: n = 6

Universal positive ratings

All 54 programme and facilitator ratings were 4 or 5. Of these, 47 (87.0%) were the maximum score of 5.

54 / 54

Unanimous purpose and advocacy

Every participant answered Yes to purposefulness, next-batch recommendation and recommendation to other institutions.

18 / 18 Yes

Action transfer remained strong

Connecting learning to real situations and identifying a post-session action both averaged 4.67 out of 5.

4.67 / 5

Interpretation

This is a descriptive snapshot of one small cohort, not an academic evaluation or causal impact study. The consistency is encouraging; future cohorts will strengthen comparison and trend analysis.
